Donald Eugene Lee

FEB 8, 2022

Donald Eugene Lee, 80, passed away peacefully Tuesday, February 8, 2022, while his daughter was holding his hand and playing his favorite George Jones songs. He is preceded in death by his parents, Ray and Marion Lee; and sister, Billie Voigt. Left to cherish Donald's memory are his loving wife, Kay Lee, son Glenn Lee and wife, Holly; daughter Tara Lee Webb and husband, Kevin; brother James Lee and wife, Jacqueline; sister Doris Kershaw and husband, James; granddaughter Claire Lee and a host of other dear family and friends.

Donald was a devoted husband, father, grandfather, Viet Nam Veteran, cancer survivor, and friend. He worked as a Chemical Plant Operator for Petro-Tex, and Bayer Chemical and was a wonderful provider for his family. He loved his family more than life itself as well as his many close friends. Donald was an amazing man who was loved by all who knew him and he was always caring and fun loving. He loved to spend his time with loved ones. He possessed a big gentle smile, great sense of humor and a quick wit and was great at making people laugh. Donald was also a fighter through and through despite many medical issues. He loved to travel and was always looking for the next adventure...whether it be motorcycle trips with close friends to Colorado and beyond, going camping, riding four wheelers or just working/piddling in the garage. Watterson was where Donald's heart was, and he enjoyed immensely working at the farm and being in the country. He will be missed by all who knew him.

We met Don and Kay when my dad was going through treatment at MD Anderson. Don and my dad had the same cancer. Don had beat his cancer and was an instant friend to my dad, always encouraging and inspiring. One of my favorite memories of Don was when he and Kay came to the hospital and brought a monkey with Velcro hands so we could put on dad's iv pole. When Don was in treatment someone had given him a similar monkey and he thought my dad needed one. We got a lot of laughs out of that monkey and it cheered us all up. This is such a small example of Don't kindness and humor. He always gave me a big hug as he knew what we were going through. He and Kay went out of their way to cheer us all up during one of the toughest times in our lives. Later, once my dad was in remission, my parents and Don and Kay took their campers to Colorado together. My dad loved sitting around the fire and riding the trails. My dad and Don both knew what they had overcome and celebrated life in the way only those who have had a brush with death can. Don was one of a kind. Mon and I like to think my dad was there waiting for him on the other side by the campfire and they will be there with a cup of coffee and a big hug when its our time to join them. Until then he will be so missed.

What wonderful memories of such a great friend and neighbor. The many many "Pickin & Grinnin" sessions that sometimes went to the wee hours. Don could do George Jones better than George himself. Our prayers are with Kay, Glenn and Tara (Spider girl)!!! Thank you for sharing this wonderful man with us. God Bless! The Duffers Dave, Judy, Karen and Cyndi

We have loved Don for 54 years, even before he became our Brother-In-Law & have the most wonderful memories, from sharing Birthdays to sharing trips we took together. He was above all a family man but so much more. He was an encyclopedia of knowledge on country music. Many times we have called him & ask "Don, who sang this song, or what were the word to this song" & we didn't have to wait for an answer, he knew them all. He was also a great picker & singer, and knew every word of every George Jones song. We are so blessed to have him in our lives, and will always miss him. Rest in peace, Don. With love Gayle & Paul
