He proudly served his country in the United States Air Force as a flight engineer on many different aircraft, most notably the C-47, retiring honorably after 22 years as a Master Sergeant, with a Distinguished Flying Cross among many other awards and medals. With his strong work ethic, he wasted no time moving onto his second successful career with Phillips 66, also retiring after 22 years.

Obituary

George William "Mike" Mineau

George was a captivating storyteller, pulling his audience in with a smile that let you know he was reliving the moment. From the time George was a young boy, he loved the outdoors. George was an expert marksman, hunter, and avid fisherman. After retiring, he loved spending summers at his cabin on the river near Gladstone, MI, where he was born and raised. Just a couple of Upper Peninsula winters was enough for him to decide; being near family in Bay City, Tx was the perfect winter spot. George was a generous, hard-working, tell it like it is man, he lived life to the fullest, and he will be missed by all who knew and loved him.

His family is grateful for all who have reached out to send flowers or gifts; they believe George's memory would best be honored by helping a family in need, donating to a local charity or church.
