We were saddened to hear of the passing of our cousin, Minnie Sue. Though distance prevented us from spending much time with her over the years, the Howard family reunions and online chats were made very interesting with her knowledge of family genealogy. We will certainly miss her encyclopedia of knowledge that made her a go-to for family history questions after all of the older generation family members had passed. My mother, Virginia Howard Farmer, loved Sue (and Doris and Gerald) like they were her own children and Sue did favor Mom physically. We will not be able to be at the funeral service, but would be interested in being at the burial in Farmersville if at all possible. Please let us know when that will be. We are sorry for your loss and know you will miss her greatly. Faye Farmer Bertelmann, Saginaw, TX

We will treasure all our Whata burger visits we had with both Sue and her husband. We loved going over all what they were doing and r hff on loved hearing all what Sue had to share as far as learning everyone's life history. Genealogy was what she shared with us and was working on my mom's side. We loved just visiting each day with her in LaPorte. The 2 of them are love birds together again. Love and hugs , wings of prayers. RIP , LOVE David Dawn Farek
