Sending my prayers and my condolences to the family me and my client will go to IHOP every week and the first person we'll look for would be Tim when we went there the other day we were heartbroken but I know God's got a man, a grown angel in his army now mr. Jack and mrs. Terry send their condolences to the family as well it was just a blessing when you was around him he would light up a room. He had a good heart and will be Missed every time we going to IHOP without a doubt we would think about him as well as any other time may you rest in the arms of the Lord. Tim you will never be forgotten you're smiling and all prayers for the family put your trust in God that's where your strength will come from. Love from Frederica Washington

I had met Tim through my good friend Mia as they were both working at IHOP at the time. He and I got along instantly. So much in fact that we start working out together. To this very day, I have never liked working out with anyone but Tim. He was the only one that could take fitness seriously but not too seriously. And now, I refuse to workout with anyone else ever again. He was kind and helpful any time I saw him. We didn't see each other for a few months but I still thought about him from time to time. I am so thankful that I got to see him one last time before he passed. It was a week before it happened. And the last time I ever saw him, is the only moment I can think about... My condolences to the Beatty family and his other close friends. Like everyone else, he left an everlasting impact on me.
