## Angela Carol "Angie" Dagley

JAN 1, 2019

**O**bituary of Angela Carol Dagley Please share a memory of Angela to include in a keepsake book for family and friends. View Tribute Book Angela "Angie" Carol Dagley, 48, passed away Sunday, March 31, 2019. Left to cherish her memory are her parents, William Rowland, Jr and Diane Folsom Rowland; her loving husband of 20 years, Timothy Dagley; sons, Kyle and Jeremiah Dagley; sister, Becca Withey and husband, Mark; and a host of other family and dear friends. Angie's love and devotion to her family was inspirational to all who knew her. She loved watching her son Kyle as he played youth baseball & basketball and football & soccer at LSA and she beamed with pride supporting Jeremiah in his karate endeavors and watching him perform. As a family, they loved watching Astros and Texans games. They were also big Longhorns fans and she traveled with Kyle to many games on the UT campus as well as making a trip to the Sugar Bowl this year. She enjoyed going on cruises with family and friends and weekends with her Water Wench college friends. She was also an avid reader who loved learning and had a passion for cooking healthy organic food. Angie was strong in her faith and a loyal member of Crosspoint Church Pearland where she sought to follow God's will through worship and service. One of her greatest joys was the partnering with Tim in ministry and service. Angie enjoyed serving the community where she grew up. She went to Clear Lake High school where she graduated Magna Cum Laude in 1989 while serving as the Flairs Drill Team captain. She was also a Lunar Rendezvous Princess in 1989. She went on to graduate from the University of Texas at Austin in 1993, and from Dr. William Scholl College of Podiatric Medicine in 1997. She was certified in podiatric surgery by the American Board of Surgeons and had been in the podiatric medical practice for 20 years. In 2010 she opened Clear Lake Foot and Ankle as a way to serve the community she loved. Angie's heart was always into helping others and every patient was special to her. However, she never failed to recognize the people who helped her

## Angela Carol "Angie" Dagley

make the practice into what it became. The members of her staff were family to her and she loved and appreciated their hard work and dedication. As a proud member of the Association of Business and Professional Women, Angie took her desire to help others in several different ways. Alongside her work in her clinic, she was an Arbonne District Manager and Independence Consultant. She loved her Arbonne sisters and the friendships that came along with finding products that were safe and healthy for those she cared for. Her practice also included being a Wellness Way Practitioner. It gave her the opportunity to spread her knowledge and passion for holistic wellness through nutrition. In 2014, she was the first affiliate to join Wellness Way, a company that is now nationwide. Angie's strength shown through in every aspect of her life. Those who have been touched by her kindness and compassion will carry on her legacy. She will be greatly missed by all who knew and loved her. In lieu of flowers, the Dagley family asks that donations in Angie's name be made to Homes for Hope at <http://www.homeswithhope.org/donate/memorial-honor-gifts/> or to Lutheran Southern Academy at LSA Annual Fund. Services for Angie will be held Tuesday, April 9, 2019 at Crosspoint Church, 1134 Old Alvin Road, Pearland, Texas 77581. The visitation will be held from 3:00 until 5:00 pm with the Celebration of Life following beginning at 5:00 pm with Pastor Tom Allen officiating.

I met Angie through banking and The Clear Lake Area Chamber of Commerce. I've never met anyone so positive, so confident, and yet so sweet. Angie always had a sparkling smile and beautiful sparkling eyes. I tried to send everybody I knew to her for foot /ankle issues. She was the best, kindest, and most natural doc I ever met. I did not get to see her often, and found out late about her illness. I prayed and prayed for her to overcome this cancer. However God must have needed her in Heaven, for she certainly is an Angel. God Bless you Tim, and all your family, you all will carry on her earthly brilliance.Love Hedy

**Gary Green** posted:

My primary doctor referred me to the McKinney Podiatric practice around 20 years ago and being a new patient, I got assigned to the new kid on the block, Dr Angela Dagley. I have been a diabetic nearly 20 years, so I saw Dr. Dagley 3-4 times a year to trim my nails and examine my feet until she left the practice to start her own practice. She couldn't let us know where she was going so I lost her for about a year. Then she became my doctor again until her cancer took her away from her practice. Her smile lit up the room when she walked in and she treated me with kindness, patience and attentive care. As time went by, we began to share about family and faith while she treated me. She was a very loving caring person. I lost contact with her while she was dealing with her cancer, but in the last 2 or 3 months I was able to contact Tim about coming by to visit with her. That didn't happen until she went into the hospital for the last time. I got to see her for a while on Wednesday of her last week. We got to reconnect and again talk about family, faith, mutual friends and the many years she had treated me. As we talked, I got to see a bit of her wonderful smile. I thank the family for allowing me to spend that precious time with her. It was good to meet Tim, her sister, Becca, with a voice like hers, her Mom and Dad and son, Kyle. You are a precious family, Thanks again for including me. My prayers are with you for God's blessings as you handle your loss. I am glad she is home with her Father with no more pain and suffering. I look forward to seeing her precious smile again when we meet again in Heaven.

**Bradley Bruce** posted:

I probably met Angie in 9th or 10th grade as we took alot of the same AP classes throughout high school...or should I say, she CARRIED me through ALOT of the AP classes with the additional help of Anne Schwausch, Tracy Beale, and Amy Macina. Angie led our study group; Although I was consistently late arriving, Angie made sure i was prepared for whatever test or assignment was due the next day. Angie was also Captain of the Flair drill team and they had a tradition of picking a player on the basketball team and decorating that players locker before games. None of us knew who our "Flair Buddies" were, until the night before our big Clear Creek rivalry game when they came and kidnapped us and took us out to a late night breakfast or something along that order. So i was very pleasantly surprised when Angie showed up at my parents house. As Captain of the Flairs she could have chosen one of the star players; David Buckner, Mike Moten, or Tim Glover, but rather she chose a 5 foot nothin', 100 and nothin' back up point guard with barely a speck of athletic ability ;-). All this is to say, in spite of all her success, Angie was extremely selfless - it was important to her and she took great pride in making sure we were ALL successful; not just her. She didnt seem to even acknowledge the social clicks that are so important to many high school kids; she didn't choose a basketball player that would make herself look better, she chose one to make him feel better/more confident about himself. I went on to graduate with a 4.0 and most of you know our basketball team won the state championship that year. Although the state championship probably helped, I'm certain I would not have been accepted into the United States Military Academy at West Point were it not for all of Angie's late night tutoring. Thank You, Thank You, Thank You Angie Rowland Dagley. Although the Lord has chosen to bring you home earlier than expected, you lived a wonderful life; JOB WELL DONE Angie, Rest in Peace.

First of all I want to give my heartfelt condolences to Angie's husband, her two boys, parents, sister and family members. I can only imagine what you must be going through. I'm still in disbelief that Angie is gone. I just knew that if we prayed hard enough and every single day that God was going to take the cancer away and life would go back to the "normal" before her cancer life. What I had envisioned did not happen! I guess God DID heal Angie but he wanted her in Heaven with him not here on earth. I'm thankful she is no longer in pain but so heartbroken that she's gone. RIP Angie, gone way to soon, but never forgotten.

I was blessed to know Angie as a Resident Physician when she was newly graduated and just beginning her career. I was further blessed to have worked with her for the next 11 years. During that time I saw her blossom and grow into an incredible Doctor who always put the well being of her patients first above all else. She was kind considerate and loving to all who crossed her path regardless of their position or station in life. Angie was somehow able to do the near impossible and balance her professional life with what she made sure everyone understood was her most important role, that of wife to Tim and mother to Kyle and Jeremiah. Angie was a rare and precious soul who gave much more to those around her than she ever took. She will be sadly missed but more than that, fondly remembered for the bright and shining light she emitted. Angie would be the first to point to the source of that light as her lord and savior Jesus Christ. Rest in peace Dr Dagley. You lived and loved well!

I first met Angie when she in her residency program that was closing and she would be their last resident. We adopted her into our program and welcomed her to join our academics. She was a bright, hard working resident who attended all activities even through she did not have to. Since that time I always enjoyed seeing her and catching up. She was a positive good person who always put a smile on my and others faces. She is missed and, although I am out of town during her memorial, I wanted her family and friends know you will be in my mind. Focus on her life and know she would want you to know she felt blessed even in her hardship.
