Obituary of Ronald James Dickey Please share a memory of Ronald to include in a keepsake book for family and friends. [View Tribute Book](#)

Ronald James Dickey, 61, passed away December 15, 2018, with his wife and daughter by his side after a courageous battle with cancer. Ron was born February 19, 1957 in Huntington Station, NY. He was the son of Harold and Helyn Dickey of McDonough, GA.

Ron received his undergraduate degree from Brockport College in New York and a Master of Education from the University of Houston. Ron's passion for teaching led him to Texas where he worked as a teacher and coach in the Alief Independent School District for 19 years.

Ron found his "work family" at River Oaks Baptist School where he has been teaching and coaching for the past 18 years. Ron was a role model and mentor to many students, inspiring and leading with a calm wisdom, a loving approach and just the right amount of humor.

Ron had the gift of making everyone he came in contact with feel cared for and appreciated. As much as Ron loved teaching, his first love was his family. He enjoyed spending as much time as he could with his wife and daughter, parents and siblings, as well as his extended family.

The times they spent together were filled with lots of love and laughter. In addition to his parents, Ron is survived by his wife of 34 years, Joanne, and their daughter, Taylor, a brother Harold (Denise) Dickey of Las Vegas, sister Karen (Elzee) Williams (Stockbridge, GA), as well as a loving extended family of nieces, nephews, aunts, uncles and cousins.

The family would like to thank Dr. Nazir Tannir of MD Anderson Cancer Center and Dr. Rex Marco of Houston Methodist Hospital, along with both their staffs for the care they provided during Ron's fight with cancer. The family would also like to extend a special thanks to MD Anderson's Palliative Care Team on 12NW for the compassionate and loving care they showed during Ron's four week stay there.

This news saddens me deeply. Coach Dickey is someone who continues to pop up in my mind to this day, periodically and for no particular reason other than to remember his kindness fondly. I remember very vividly being in Health class when I was a freshman and dealing with some hard feelings. I started to cry and decided to crawl under the table to hide, because I was embarrassed. Instead of getting upset with me for crawling under the table in the middle of class he crawled under the table with me and comforted me. His kindness that day and every day until I graduated will never be forgotten. I send love and condolences to his family. Your person made a huge impact in my life and I'm sure many others. I am a better person for knowing him and I hope that can provide just a sliver of comfort at this time. Love and blessings to you all.

Coach Dickey was a great man. Even decades later, I'll never forget how he encouraged me to take my rightful place in a basketball game when the boys tried to crowd me out. Teaching wasn't just a job to him. He genuinely cared about us students and I'll always remember him for that. I'm so sorry for his loss. Thoughts and prayers are with his family.

Coach Dickey was with me throughout my years in Kerr High School. He was a massive inspiration to me, my future and a huge influence in the man I was to be. Always caring, appreciative, and understanding, there was never a dull moment with him around. His talent was to bring inspiration to the uninspired, even if it was a small gesture like a smile. A smile at the right moment can change the tide of the day, week and month. I always looked forward to seeing his big smile; it was contagious and will forever be embedded in my mind's eye every time I think of him. Condolences to his family and close friends, he will be truly missed.

Coach Dickey was such an inspiration! I just want his family to know what an impact he made on a short unathletic girl who was new to the school. At 4' nothing, I pretty much failed at most PE tasks. Coach Dickey pushed me to believe that I could and I remember him fondly. He made me keep trying pull ups (he spent HOURS with me, with a box, boosting me up, steps, trying to help me learn to do one without any help) until I got one done. He said small could be fast and had me try my speed runs until I had one of the best times in my group (a race where you run laps increasingly faster until you're sprinting). In fact, in high school, I made the super competitive track team! As a human being, he cared about my self confidence, about me not giving up just because others were better, about knowing I was just as important a member of the team as the kids who were naturally great at sports. Sending my condolences and hoping you are comforted that his legacy will not be forgotten!

I had Coach Dickey as my Coach in middle school. He was a warm and kind soul. Jet was always going on about how he was a size 9 when someone showed up with new shoes. I was very soft spoken and shy, he would tell me to "use my diaphragmatic, and speak up" so i could be heard. Now, I catch myself telling the children I mentor to do the same. Even though I haven't seen him in a lifetime, I will miss him dearly. After all, he taught us to play football, and fueled my passion for the game. Rest In Peace Coach.
