Debbie and I connected about 2 months ago on messaging. It had been about 50 years since we graduated together and she was in my wedding. We got caught up on our lives and had some good laughs! I felt so bad when she told me of her illness. My prayers are with the family. Someday we will see her again well and healed. Love to all, Kathy London Lahti

What a beautiful picture of Debbie. I worked in the office of Medical Imaging at San Jacinto College for 11 years. Debbie would come in at least twice a week to chat with me. She was always so interesting to talk to. She was smart, as well. We would talk about that Punxsutawney town she was from. She was always smiling and telling a joke or something funny. She adored her family and talked about them so often. My condolences are with all the family members. I will miss her smile. Donna Gresham
