I had the pleasure of living across the street from Bob and LILLIAN for thirty years as the years went by we became closer, even before that Bob would always wave and smile I watched him through years playing with his grandchildren you could see it on his face how much he enjoyed and loved being with them. I even remember him washing his cars and he seemed like he was just happy doing that. I couldn't count the times i saw him, he was either coming or going golfing. GOD created a beautiful soul in him. God gave him many speacial qualities and i know in my heart that he is with our LORD AND SAVOIR. BOB i will always remember that special smile and what a special pearson you were, and i will always be here for Lillian when she needs me, for she to has that beautiful heart and soul

I am one of those friends that Bobby made from all over the US. I worked with Bobby for over 20 years and he knew his job -:). If time permitted, he would tell me a story about his family and he always made you feel as though you knew his children and grandchildren. He always made you laugh at some silly thing he said and that was a huge blessing since we live in such stressful times. I actually got to meet Bobby a few times when I would fly to Houston on business and it was like we were already old friends the first time I walked into the plant for a tour. He knew Foster Products inside and out! We were all blessed to have our lives touched by Bobby. I hope in time you will remember all the great times and that the sadness will slowly pass.My prayers are with all of you.Sincerely,Charolette HomanExecutive SecretaryMerek Inc. - Quincy, Illinois
