I will always remember her with a smile! It was also great whenever she was a substitute in one of my classes at school; after all we were family! Kind of like having your mom as your teacher. My mom never talks much about her childhood but she does talk about being a bridesmaid in her wedding. I think this is one of the few happy memories of her childhood. To all of the Noe family my mother and I send our deepest condolences and we are praying for peace and comfort to get through this.
