MY grandmother was very loved and she meant the world to us. I always loved her cooking and she loved to cook for us. Even after her son Donald Hawkins passed she excepted my step father and always was happy to cook us our favorite deserts. I was not there in the end but had a chance to say my goodbyes at the hospital. I wish I could have had more time as an adult to ask more questions about her life. I love and miss you grandma but I miss the banana pudding the most. Love you.....
